Subject: Website Development and Hosting Testimonial

Dear Sally:

We just want to thank you so much for helping us with our marketing for Point Builders, Inc. You created a super website for our other company, Point Drainage & Erosion, and we have gotten several calls from your placement of us on the Internet.

I assume the hosting is great because our website is always functional and I have never had to think about it!

Thanks for a job well done and all within the timeframe and budget requirements we all had!
